EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James W. Falk on May 25, 2005.

The application has been amended as follows:

a) Claim 6 has been amended to read:

-- A method of dynamically assigning IP addresses to mobile stations in wireless networks including a plurality of base stations, comprising the steps of:

receiving at a base station proxy server an address request message from a mobile station requesting an address;

determining if the address request message is directly from the mobile station or from another base station over a wired network segment;

if the address request is directly from a mobile station, altering the address request message and sending it over the wired network segment to an address server;

if the address request message is from another base station, discarding the address request message;

receiving at a base station proxy server an address designation message;

determining from a Distribution Table which mobile stations within the range of the base station have requested address information; and

transmitting the address designation message containing an assigned IP address only to those mobile stations identified. --

b) Cancel claim 7.

c) In claim 8 line 1, "7" has been changed to -- 6 --.
